Coming True

Guards

Tonight
Must be a magic night
Cause I can se the stars
Falling in your eyes
Tonight
Must be a magic night
Cause I can hear thunder
Each in every heart beat
I know it sounds crazy
[CHORUS:]But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Chanses are we're gonna make it through
If you belive it to
The dreams are coming true
Tonight
Must be a magic night
Cause I can feel your love
Reaching to embrace me
And baby when you take my hand
I understand this love is all or nothing
This love is here now
I know it sounds crazy

[CHORUS:]But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Follow my heart
I was lost and gone forever
'til I found myself tonight
Back into the light
Cause I never stoped beliveing
[CHORUS:]Dreams are coming true

Oooohh Uuuuuuuhh
Yeah yeah baby baby yeah
But dreams are coming true
Standing here with you
Everytime you smile at me
Angels walk on through
I'm ready now to go
I'm ready now to follow my heart
Chanses are we're are gonna make it through
If you belive it to
The dreams are coming true
Yeah ooooh
As I'm standing here tonight with you
