

The Prettiest Star (2013 Remastered Version)

David Bowie

Cold fire, you've got everything but cold fire
You will be my rest and peace, child
I moved up to take a place
Near youSo tired, it's the sky that makes you feel tried
It's a trick to make you see wide
It can all but break your heat
In piecesStaying back in your memory
Are the movies in the past?
How you moved is all it takes
To sing a song of when I loved
The prettiest starOne day, though it might as well be someday
You and I will rise up all the way
All because of what you are
The prettiest starStaying back in your memory
Are the movies in the past?
How you moved is all it takes
To sing a song of when I loved
The prettiest starOne day, though it might as well be someday
You and I will rise up all the way
All because of what you are
The prettiest star
