Entropy

Kelly Osbourne

Well it's a force of nature to be recognized,
In the various equation of the social kind,
We look to our left, and turn to the right,
Always taking back, when the hit starts to rise...Rise (rise, rise)
Rise (rise, rise)Pre-Chorus:
And no one will tell you (no one will tell you)
Nobody will tell you (nobody will tell you)Chorus:
It's a measure of disorder,
A matter of time,
We're living in entropy
It's a measure of disorder,
A matter of time,
We're living in entropyWell it's random of reaction, that's divided by urge,
A single handed effort, in the escalade,
The static will clear, ad the masses evolve,
The loss of information, as the message fades away...(Away, Away)
Fades Away (away, away)Pre-Chorus:
And no one will tell you (no one will tell you)
Nobody will tell you (nobody will tell you)Chorus:
It's a measure of disorder,
A matter of time,
We're living in entropy
It's a measure of disorder,
A matter of time,
We're living in entropy(Instrumental)R-Rise
(And no one will tell you)
Rise
(Nobody will tell you)
R-Rise
(And no one will tell you)
RiiiiiiiiiiiiiiiiiiiiiiiiiseChorus x2:
It's a measure of disorder,
A matter of time,
We're living in entropy
It's a measure of disorder,
A matter of time,
We're living in entropy
