Overdose

The Supervillains

I can't believe the words I said just came out of my mouth
now you're gone and I can't seem to get your picture out
of my head at night when I try to sleep
your hair your smell your eyes so deep
I think to myself I'm sorry I say to myself I'm sorryI don't know what I did to deserve this pain
in my heart, in my head am I going insane?
are the THC cells finally coating my brain?
without you my life won't be the sameif I could tell you everything I'd want to say to you
I'd tell you that I'm sorry for breaking up with you
so many times in just 3 months
I went on a date but never cheated once
I'll say to myself I'm sorry
