What's Now is Now

Cakeç™¯

You should've told me when it all began
You should've told me long ago
Someday I know you're gonna find
Just one mistake is not enough to change my mindWhat's now is now
And I'll forget what happened then
I know it all
And we can still begin againAnd if the doubting faces made you go
It's only mine that matters now
Those looks will soon begin to fade
If you come back and show them all, you're not afraidWhat's now is now
And I'll forget what happened then
I know it all
And we can still begin againNow that you know. how much I understand
You have no reason to be gone
And if you feel at all like me
Just let me know, I'll make it like it used to beWhat's now is now
And I'll forget what happened then
I know it all
And we can still begin againWhat's now is now
And I'll forget what happened then
I know it all
And we can still begin againWhat's now is now, now is now
