Fly Rasta

Ziggy Marley

(Chorus)
Fly rasta, you fly rasta
Fly rasta, you fly rasta
Chedda don che
Not to have to hold up yo head, do
Redder than red
We work fo' that red(Verse)
Take that vow of separation unto the Lord
Drink no strong drink...
And all the days of your vow of separation
No razor shall come upon your head(Chorus)
Fly rasta, you fly rasta
Fly rasta, you fly rasta
Root to them roots
My spirit speak the truth
Cutter than cute
I might cheat god, boya(Verse)
Now there's an evil that we see under the sun
Bitches comein' around men
What have the fool moon and the wise
Band can't live alone unbread
Wear it, I would say
Enlighten the laws of jaja
With the most ganja
The fellows meditate,
Living better than lifting house over the Sanomany
Like the tree granted by water
Poverty don't spit the man don folley
These leaves never wither(Chorus)
Fly rasta, you fly rasta
Fly rasta, you fly rasta
Chedda don che
Not to have to hold up yo head, do
Redder than red
We work fo' that red(Interlude)
When I say blessin' to the money come walking out dotti
And standing in the way of civil life, I would say
Take a vow of separation
And all the days of your life

Let no rays come down upon your self
