

# Please Stop Dancing

## The Magnetic Fields

Please stop dancing in my head  
I have cried till I'm half dead  
Please stop dancing in my head Please stop dancing in my mind  
I have cried till I'm half blind  
Please stop dancing in my mind Please stop dancing in my heart  
I can't seem to make it art  
Please stop dancing in my heart Please stop dancing in my soul  
I can't make it rock 'n' roll  
Please stop dancing in my soul Please stop dancing in my sleep  
I can't make it twang and beep  
Please stop dancing in my sleep Please stop dancing in my eyes  
I can't make it pretty lies  
Please stop dancing in my eyes Please stop dancing in my blood  
Ill wind blowing no one good  
Please stop dancing in my blood Please stop dancing in my life  
I will never be your wife  
Please stop dancing in my life
