Dance The Night Away (Radio Edit)

The Free

Swing your partner dosy-doe
Move to the rhythm of the DJ flow
Go round and around until your feet get hot
Do it to the groove show me what you got
In my mind, what you go about fine
In the mean time it's all the way live
You can't stop moving cause you hear the trance
Give it up, give it up, come on now danceWe're feeling OK
We'll show you the way
Tonight we'll dance the night away
We're feeling OK
We'll show you the way
Tonight we'll dance the night away
No we won't, no we won't, no we won't, no we won't go away
Until we've seen the light of the day
No we won't, no we won't, no we won't go awayEverything you believe stay true
Trouble made, find a way through
To a wonderful land, no living man has gone
But in the end that's the own
With peace and love that will shine on from above
Come to a land where you will resist
The magical world you can't miss...
