

Energy

Hillsong Young & Free

You are the only one in my head
I've chosen You, now my heart is set
You've been forever, and is my strength
My strength

More than a rush of adrenaline
You will sustain me until the end
You are the only one
You are the only one

When You speak
Dreams and reality collide
Your word rewrites my destiny
My life finds a new beginning
'Cause You are, You are my energy

Jesus, Your presence is what ignites
Your truth is electric, our souls align
A moment with You makes me come alive
Alive

Jesus, You're everything I need and more
I follow You to the end
You are my strength
Jesus, You're everything I need and more
You are, you are my energy

You're the air that I still get
You're the one who holds it up
I can't help but stand it up
You are my energy

You are my energy
