

# We Go Together

Cast, John Travolta, Olivia Newton-John

The places where we used to meet we go together  
Step by step like shoes on the feet we go together  
Just like the sand out in the sea what good is sugar if you have no tea  
What good 're you if you don't have me we go together That old feeling we used to get even feels better  
There was a girl you made me forget the day I met her  
Just like the tears in a baby's eyes just like the stars up in the sky  
Like ice-cream and an apple pie we go together We go together like the storm and rain just like the fire that  
needs the flame  
Just like the picture needs the frame we go together  
We go together like the moon and June just like the fork needs the spoon  
Just like the song that needs the tune we go together We go together  
We go together  
Yeah the places where we used to meet [unverified]  
We go together like the storm and rain [unverified]
