Apology

Alesana

Sweat drips in my eyes
Screams of lust we cry
Tonight you are everything
You're everything
You're everything to me
No more, as I wake from this perfect dream
(I'll escape from Eden's wall)
I can not stay and live this lie
For I now must think only of myself
And to think that you will not be scared or
Surprised, I'd severed all these ties
This is the end
(This is the end)
I'll lose myself in anguish for tonight
Help me get over you

I feel so numb to
(I feel so numb to)
See this bitter end
It has come to this one last kiss
Broken pieces will not mend to save our past
Save our past now
This is the end
I'll lose myself in anguish for tonight
Help me get over you
One last false apology
Help me get over you
In my mind, blood drips from your eyes
A beautiful last goodbye
