

# I'll Never Be the Same

## King's X

Advisory - the following lyrics contain explicit language:

She stands in the waiting  
She looks down to speak  
Your eyes speak invitation  
To follow with the beat  
She said, "Oh no, I'll never be the same  
You struck my heart like lightning  
I'll never be the same"  
I've come to know the color  
Of indecisiveness  
Tell me what I'm feeling  
In seven words or less  
She said, "Oh no, I'll never be the same  
You struck my heart like lightning  
I'll never be the same"  
The way looks awful lonely  
So long or maybe less  
The time has passed so slowly  
There's pressure on my chest  
Your eyes speak invitation  
To follow with the beat  
So tell me what I'm feeling  
In seven words, so speak  
Oh no, I'll never be the same  
You struck my heart like lightning  
I'll never be the same  
Oh no, I'll never be the same  
You struck my heart like lightning  
I'll never be the same  
Come on, baby, come on along  
The road's not that long  
Gretchen, Gretchen, Gretchen  
I wanna go
