

# Autoerotic (Abstinence Mix By Fini Tribe)

## Front Line Assembly

Understand with reason  
Cause their ain't no way of pleasin'  
Cause the thing that's in effect  
Turns out to be respectGotta get up  
Gotta get down  
Gotta put the fear  
In the groundAlso weak in their minds  
Also fake, also blind  
Lies and lust and hate  
In the end it's too lateAll the tears that were wept  
All the friendships that were swept  
Was it worth it was it swell  
Only time and death will tell  
After all is said and done  
And we reach the final sum  
Take Your heart in Your hand  
And alone You will stand
