## Slum Village

Yo EL and 'Tin kill'n em, Three kill'n 'em  
You thought we broke up but we was just reassemblin'  
Ladies and gentlemen you barewitnessin  
The villa on some classic shit like vans emblems  
It's the guerrilla pimps, we bustin denim in the club  
That you can't wear ya denim in  
Freakin a rhyme til every line ends with a then and than  
You dont wanna rump and stomp in Timberlands  
Shout to my nigga Killagan  
And all of my peeps that rep more D than 12 Eminems  
Who let the dogs out and let Dilla in?  
Fuck wit this is ya loss Gilligan  
Sounds similar I'm not feelin 'em  
Get the balls like Venus in Wimbeldon  
While I'm in them fly whips five Will and them  
On some Kim and them All About the Benjamins  
Still hereStill here, never left, just switched the style up  
Came through, made moves to get the crowd up  
Its hard time "V" time nigga ya times up  
Get rowed up for the ReunionL kill'n em, Dilla kill'n 'em  
Maybe we could hook up again back wit 'Tin and them  
Together again like armed forces on some Fantastic Four or Four Horsemen  
Can't do it without ya crew boy  
Guess who boy, comin' through with two boy  
Nobody but us that rap in a clutch  
Passed and switched it up like kids in double dutch  
Some couldn't feel our style or feel flow  
Never talked our slang, never walked our road  
All they know is these niggas is tainted  
Don't know about those rovers that candy painted  
We've been miss quoted, miss construed, miss understood, and over used  
So we take this time to set the record straight  
Critics skipped and did it anyway  
Now you hear our raps wit Dilla and you all on our team  
Till you heard 'Tin was gone was apart of the scheme  
See! We still got love where was you at at?  
Just cuz a nigga go solo think we turn our backs  
Maybe we will reunite on some shit like that  
But I gotta set it straight 'fore you twists the facts niggaStill here, never left, just switched the style up

Came through, made moves to get the crowd up  
Its hard time "V" time nigga ya times up  
Get rowed up for the Reunion
