Crime

Katie Achee

Crime

V1:
You know you feel it baby
Youâ€™ve got it tonight
You know I want it baby
Iâ€™ve got the appetite
Wonâ€™t you feed me baby
Some of what I like
You know I need it baby
Some of that pleasure delight

Pre-Hook
Do you want it
You say youâ€™ve got it, huh
Well jump up on it
And the get the sugar plum
Youâ€™ve managed to get me all this way
Like you want some more
Well I can give it to you
Come into the candy store

Hook:
We can have the best of times
Iâ€™m always on your mind
If being with you is a crime
Iâ€™ve broke the code all the time
(Repeat)

V2:
Can you handle it
Get on the merry go
Can you manage it
Like an 8 to 4
Will you treat it right
Like it was all yours
Will you grip it tight
Like you want it long ago

Pre Hook

Chorus

Bridge:
Iâ€™ve got to say
That what Iâ€™ve done
Is out of the ordinary
Never before have I experienced
Such pleasance
We can make this night
Go on and on
Having you here makes it
That much better
Look around and see if
Anyone will give it like this
Receive this gift
Cuz sharing this night with you
Is all my pleasure
