Cinderella

The Sonics

Hey Hey Hey Hey Hey everybody
I'm out looking for a girl
She's the sharpest one
In the whole wide world

I want to be her man
Lord, I'll catch her if I can
I met her at the bar
You know, we danced all night

When I kissed her lips
She even held me tight
Disappeared by herself
When my clock struck 12

Hey Hey Hey Hey Hey Cinderella
Where have you gone
I got a glass slipper
For you to try on

I want to be your fellow
Hey Hey Hey Hey Hey Cinderella

She's got a pretty long hair
And she's five-foot-two
When she ran away
I found her glass shoe

Won't somebody tell me
What I am gonna do
Hey Hey Hey Hey Hey Cinderella
Cinderella
