

# Rocky

## Dog Eat Dog

You're just like the kid next door  
Still too young and immature  
You always seem to hang around  
When you're not wanted you're always found  
Why do you embarrass me  
So everyone can see  
Us duke it out on live TV  
Hey Rocky I hate to say  
I wish you would just go away  
Don't come back another day OK  
What did you come here for  
Don't wanna be insecure  
It's about time that you went home  
So go away leave me alone  
(lead vocals by Dave)
