

Magic Mountain

The Drums

Only wanted

Only to care

Only us

Only In the dark days they jump a soul CHORUS:

Inside my magic mountain we don't have to be with them

Inside my magic mountain our hearts are on

Inside my magic mountain i don't have to be with them

Inside my magic mountain our hearts are on Only to live for

Only get to

Only us

Only And if they catch us both, a trunk got the hares CHORUS:

Inside my magic mountain we don't have to be with them

Inside my magic mountain our hearts are on

Inside my magic mountain i don't have to be with them

Inside my magic mountain our hearts are on
