

# Green Belly

**Ty Segall**

I see (?) the green (?)  
In the belly of your eyes It gives me no surprise  
He's gonna make a movie  
Of his entire life  
He wants to figure how to do it right  
Sure he needs that big man with the big plan  
Step right in  
He fell down from the sky  
And knew why we have to win  
He's gonna make a movie  
Of his entire life  
She will cry, she will cry "Why?" Oh yeah
