

Domino

Zeroes

You're the last thought each day
And the first when I wake
Even when I sleep
I dream of your face (X2)Set up
Like a domino
Set up
In a perfect row
Set up
Like a domino
Like a dominoYou're the first one to know
When something goes wrong
Or if it goes right
You're right on timeWhen I'm lost in the dark I just follow your voice
I can hear the sweet music cut through all the noise
You don't need to worry
There's no end to the story
It just goes on and on and onSet up
Like a domino
Set up
In an endless row
Set up
Like a dominoLike a domino (X3)Set up
To fall into my arms
