

# Vigilante Man

Ry Cooder & David Lindley

Have you seen that vigilante man  
Have you seen that vigilante man  
Have you seen that vigilante man  
I've been hearin' his name all over this land  
Lonely nights down in the engine house  
Sleepin' just as still as a mouse  
Man comes home, chase the crowds in the rain  
That's a vigilante man  
Vigilante man  
Vigilante man  
Well I ramble around from town to town  
Ramble
