Alethea

Robin Trower

If you stand in the light, you get the feel of the ride
And the music that plays in your ears
In your head you can hear a voice so sweet and clear
And the music that plays in your headAs it flows up from the ground
Taking all who hear that sound
Close your eyes, its about to beginHardly daring to breath, a new life you perceive
You try hard not to break the spell
While at once it seems both, so far and yet so close
If you reach out to touch, it will be goneAs it flows up from the ground
Taking all who hear that sound
Close your eyes, its about to beginClose your eyes, its about to begin
Close your eyes, its about to begin
Close your eyes, its about to begin
