

Walk On

Billy Currington

You're a modern day miracle
Anything but a typical girl
Mona Lisa on a sidewalk step
Superstar in a common man world
Nothin' s been so beautiful
I wanna stop and ask your name
Take a picture of you pretty face
Shout to heaven, steal a kiss
Lay the world at your thrown
I wanna beg you to be mine
For the rest of both their lives
But instead, i catch my breath
Shake my head and I walk on
I know I've seen you somewhere before
In the mind of door number three
You're a prayer, you're a gift from God
But there's a bridge I cannot cross it seems
You're a distant dream
I will never hold you

I wanna stop and ask your name
Take a picture of you pretty face
Shout to heaven, steal a kiss
Lay the world at your thrown
I wanna beg you to be mine
For the rest of both their lives
But instead, i catch my breath
Shake my head and I walk on
I put one foot in front of the other
I walk on
No there will never be another
I wanna stop and ask your name
Take a picture of you pretty face
Shout to heaven, steal a kiss
Lay the world at your thrown
I wanna beg you to be mine
For the rest of both their lives
But instead, i catch my breath
Shake my head and I walk on
