CULT

Crossparty

No pain for lost souls
So young and so cold
I don't wanna be warm
Two fingers
Ok!

I am my cult
On myself I pray
I am my cult
On myself I pray

No pain for lost souls
So young and so cold
Death cat in my mouth
I am falling down

Nobody knows, it was wrong
Nobody knows that it goes wrong
I'm my cult
And my love
Nobody knows that I'm my star

Nobody Knows, it was wrong
Nobody knows that it goes wrong
I'm my cult
And my love
Nobody knows that I'm my star

[Instrumental]

Nobody knows, it was wrong
Nobody knows that it goes wrong
I'm my cult
And my love
Nobody knows that I'm my star

Nobody Knows, it was wrong
Nobody knows that it goes wrong
I'm my cult

And my love
Nobody knows that I'm my star
