

# CULT

## Crossparty

No pain for lost souls  
So young and so cold  
I don't wanna be warm  
Two fingers  
Ok!

I am my cult  
On myself I pray  
I am my cult  
On myself I pray

No pain for lost souls  
So young and so cold  
Death cat in my mouth  
I am falling down

Nobody knows, it was wrong  
Nobody knows that it goes wrong  
I'm my cult  
And my love  
Nobody knows that I'm my star

Nobody Knows, it was wrong  
Nobody knows that it goes wrong  
I'm my cult  
And my love  
Nobody knows that I'm my star

[Instrumental]

Nobody knows, it was wrong  
Nobody knows that it goes wrong  
I'm my cult  
And my love  
Nobody knows that I'm my star

Nobody Knows, it was wrong  
Nobody knows that it goes wrong  
I'm my cult

And my love  
Nobody knows that I'm my star
