

Alone Again

Alyssa Reid

Till now, I always got by on my own
I never really cared until I met you
And now it chills me to the bone
How do I get you alone?
I sit back and reminisce
It hurts to think about it all
We was on top of the world
Whoever though that we would fall?
Standing by the phone, alone
Ignoring your call
I feel like spider man
You got me flying off of the wall
I ain't wanna leave
But still I had to go
'Cause what puts a rainbow
With out my pot of gold?
And now your beds empty
And your pillows cold
You never realized the love
Until my love was gone
When I said I could move on and go
You said I'm weak and it shows
I couldn't go on with out you
Now I'm sitting in this house alone
Wondering why I left home
And I'm hoping that you know that
Till now, I always got by on my own
I never really cared until I met you
And now it chills me to the bone
How do I get you alone?
You act like you don't need me
'Cause you're scared of being needy
You want to have your cake and eat it to
I call that being greedy
And they say that love costs

Consider this a freebie
No one said this would be easy
Either love me or just leave me

Admit it, we too old for pretended
Ain't like our bond is broken
It just needed some mending
And when you need a hand
You know I'll be there to lend it
What's the point in having time
If I ain't there to help you spend it, yeah
When I said I could move on and go
You said I'm weak and it shows
I couldn't go on with out you
Now I'm sitting in this house alone
Wondering why I left home
And I'm hoping that you know that
Till now, I always got by on my own
I never really cared until I met you
And now it chills me to the bone
How do I get you alone?
How do I get you alone
I wonder where you are tonight
No answer on the telephone
And the night goes buy so very slow
Oh, I hope that it won't end though, alone
And I'm hoping that you know that
Till now, I always got by on my own
I never really cared until I met you
And now it chills me to the bone
How do I get you alone?
Till now, I always got by on my own
I never really cared until I met you
And now it chills me to the bone
How do I get you alone?
How do I get you alone?
