

Lake Effect Kid (demo)

Fall Out Boy

Sometimes when I'm in heaven
I get forgetful of the earth
Woah
Until I hear you bickering
Like boys and birds
The heat is on
Ain't stopping us, shades down I got a pocket full of deadliness
Opium den mother, forget my head
At the dead end called unsteadiness
Boxed blondes have less fun Boomerang my head
Back to the city i grew up in
Again and again and again and again
Forever I'm a lake effect kid I've got the skyline in my veins
Forget you night times
Summer love on a gurney with the squeaky wheel And Joke us, Joke us
'Till Lake Shore Drive comes back into focus
I just want to come back to life
Spark, oh, can't you hear it
Keep you warm at night I got a pocket full of deadliness
Opium den mother, forget my head
At the dead end of unsteadiness
Boxed blondes have less fun
Fun Boomerang my head
Back to the city i grew up in
Again and again
Forever I'm a lake effect kid Boomerang my head
To the city i grew up in
Again and again and again
Forever I'm a lake effect kid Boomerang my head
Back to the city i grew up in
Again and again
Forever I'm a lake effect kid Boomerang my head
Back to the city i grew up in
Again and again and again
Forever I'm a lake effect kid
