Make It Easy

Dogs On Acid

Why didn't you say this before, them times when I wanted more?
Remember I moved too you but then you said you weren't sure
So we sat and spoke about this and agreed to stay friends
And now your saying that you want me when I'm moving out the ends
Look at my friends that you've been through
I've seen what you put them through
Your wrong, its kind of long
I've now moved on, I can't get with you
Sorry to tarnish your plans
But you need to understand
That you had that chance to be my man
But didn't feel to take the stand
And now your telling me today
When tomorrow I'm moving away na, that's deep I can't stay
You need to know this, I ain't taking no notice
'Cos I was raised not to let no man distort my focus
Thou my heart is sugar coated, it's sealed and still bolted
Hun' I notice how you move so I could never be devoted
Don't risk what you got 'cos you got too much to lose
'But I love you' na, you just dazed and confused
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
This whole scenario just shows we weren't meant to be
'Cos I love as my friend now, so it's best I leave
Look, you're out there studying your masters degree
While I like a thug that devises bank robberies
Ya see, Shystie's all about living life fast
Hopping in and out of cars, thugs repping it large
You can't change your ways so just keep to your books
Because there's no such things as, 'No half way crooks'
This is what I'm on, who I am, I ain't gonna change
I'm about the street fame, living in the fast lane
Let me make this brief, my ways get me into beef
So I need a man that's on guard, ready to roll deep
Use your logic, don't go with your heart
I'm rough round the edges and dark
Yeah we got a deep past but it will never last

I'd rather past, you were right from the start
Friends until the day we die, friends until we past
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Look, you need a relationship that's stable, I ain't really able
I know you got faith boo but I'm far from a angel
In my ends I'm labeled, my tag name will say it all
So I couldn't guarantee to you that I'd stay faithful
You need a girl that moves with a slow tempo
Appreciates the things you do and gets sentimental
I ain't the one to like, your not my hubby type
Don't throw away your life, you're playing with a game of dice
I don't care what you say, I wanna be with you
I wanna hold you down, I've opened up my heart to you
Right now I really don't care, this situations not fair
In months to come I bet that you'll forget I even lived here
I'll be your blurred memory, I bet you wont even remember me
You'll be like, 'What's that chicks name again?"
Like you ain't heard of me
So just keep your head and just hold it firm
And we can both take this as a lesson that we've learnt
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
Make it easy on yourself
