Skin & Bones

Glass House Point

Your heart is knocking at your door
But youâ€™re not awake
Your wings are bent down to the floor
You canâ€™t feel anything

When all thatâ€™s left of you and I (oh oh oh)
Feeds a sinful appetite (oh oh oh)
Hold the sun up from the night (oh oh oh)
Skin and bones wonâ€™t last youâ€™ll find (hey)

The devil ainâ€™t afraid at night, heâ€™s a little bit hungry
Your doubt invokes his grimly light, heâ€™ll feast on us honey

When all thatâ€™s left of you and I (oh oh oh)
Feeds a sinful appetite (oh oh oh)
Hold the sun up from the night (oh oh oh)
Skin and bones wonâ€™t last youâ€™ll find

(Hey)

Skin and bones wonâ€™t last youâ€™ll find
Skin and bones wonâ€™t last youâ€™ll find
Skin and bones wonâ€™t last youâ€™ll find

(oh oh oh)

When all thatâ€™s left of you and I
Feeds a sinful appetite
Hold the sun up from the night
Skin and bones wonâ€™t last your fight
