

Lost On the Stoop

Daniel Powter

Shed off and peel
Im in no shape or form
Youre just a reject coming down for moreWhen two are receiving
You know I could be there
Soon youre laughing
Soon youre laughing my wayYour daddy dont get you
Hed been a big mess
Soon youre laughing
Soon youre laughing my wayYoure urban, youre complete
And you know I will be there
Soon youre laughing
Soon youre laughing your wayWhen youre lost on the stoop
When you fall out of bounds
Yeah, you could be leaves down, downAnd its always your fault
You get lost in yourself
Yeah, you could be leaves down, downAnd I can find you
Once you know 'bout this plan
And now I can find you
Once you insult the manAnd yeah, you like this trash talking
Washing you down
And yeah, you like this trash talking
Moving me aroundWhen two are deceiving
You know I could be there
Soon youre laughing
Soon youre laughing your way againWhen youre lost in the stoop
When you lie down on bounds
Yeah, you could be leaves down, downBut its always your fault
You get lost on the stupid things
When you're leaves down, downWell, I can find you lonely
Without a plan
And now I can find you
Once you insult the manAnd yeah, you like this trash talking
Washing you down
And yeah, you like this trash talking
Moving through all, stand down againNow when youre lost in the stoop
When you lie down on bounds
Yeah, you could be leaves down, downBut its always your fault
You get lost on the stupid things
When you're leaves down, down
