

# Sleep

Donovan

Sleep now, sleep and so fade sorrow  
Sleep beloved, sleep, sleep, now sleep  
Afar tomorrow, sleep beloved, sleep You are home this night, home of winter  
Your home of autumn, summer and spring  
You are home this night Lasting home, eternal home  
Your eternal home, sleep of seven lights upon you  
Sleep of seven joys, sleep of seven slumbers on you In your easy poise, you are home this night  
Home of stillness, your home of spirit, being and bliss  
You are home this night, abiding home, forever home  
Your forever home
