

# M.U.M.B.

## Exotic Animal Petting Zoo

I have been very nervous lately.  
Everything seems to upset me.  
I am nervous all the time.  
(Who are you holding back?)  
I can't help it, I feel lonely, depressed.  
(Who are you holding back?)  
I can't understand you. We're all around.  
You have things to do. Great things to do.  
No man tries to destroy the mold. We are all together.  
One generation taking up where the other generation has left off.  
You've made me see things differently.  
I realize now that I am part of this world. I am not alone.
