

# Letting Go (feat. Aaron Lewis) (Acoustic Live)

## Lo-Pro

Three years lost now with one phone call  
But I can't stop you it's not my fault  
Nothing I do is good enough, so this is over  
This is over And I am letting go off you  
And everything we've been through  
I am finally over you  
So I am letting go off you I'm letting go It doesn't have to be this way  
I wish that you had more faith in me  
But if you can't trust me I can't stay  
And this is over, this is over tonight And I am letting go off you  
And everything we've been through  
I am finally over you  
So I am letting go off you And I seem to have lost a thousand pounds  
And I feel like I am weightless  
It seems like it's a long way down  
But I feel like I can make it on my own And I am letting go off you  
And everything we've been through  
I am finally over you  
So I am letting go off you
