

Viceroyce

Urge Overkill

Two hungry girls like a two headed torso
One blond, one redhead handed me
That bephemaline pandrine, so ho ready
Sister says, "You wanna
Come on and get it with us
Like it's hardly gonna mean it
Just hop on the bus" I don't need no sympathy
What I need is a little place to be
I ain't even hungry, mama
I've gotta sit on my hat
Hey, got belly if you want it
Just hop on the bus
Little Jimmy wanna take a ride
He can take it with us
Your daddy says, "You wanna
Can take your chickie with me
Little Jimmy wanna take a ride
He can take it with me" Viceroyce
In a blackened voice
Take it down once Viceroyce
Didn't have a choice
Viceroyce
Didn't have a choice
