I Know What I Want

No Secrets

I see how you look at me
Thinking that you're being discrete
I here the way you say my name
And something in your voice will changeThen I see you get a little red
When I laugh at something, that you said
And you don't even have a clue
That baby, I am on to youDon't be afraid I'm gonna say, "Yes"
If your gonna ask me out, why haven't you yet?
All I want to do is here it now from youDo I gotta, gotta get in your face?
Don't have lota' lot of time to waste
Do you wanna, wanna be my man?
'Cause I know what, I know what I want from youDo you wanna, wanna be my guy?
Baby, baby, please, don't be shy
I'm coming on strong 'cause I'm thinking you're the one
And I know what I want now from youI think it's kinda cute
That it matters so much to you
That you don't want to let me know
The way you feel or let it showSo baby, let me be the one
To take you be the hand come on
I'll tell you what I feel inside
And then it's time for you to tryDon't be afraid I'm gonna say, "Yes"
If your gonna ask me out, why haven't you yet?
All I want to do is here it now from youDo I gotta, gotta get in your face?
Don't have lota' lot of time to waste
Do you wanna, wanna be my man?
'Cause I know what, I know what I want from youDo you wanna, wanna be my guy?
Baby, baby, please, don't be shy
I'm coming on strong 'cause I'm thinking you're the one
And I know what I want now from youEvery single day, all I do is pray for you to understand
What I got to do, what do I got to prove?
There's nothing left to lose, baby, tell the truth
'Cause I got to get my heart in love withDo I gotta, gotta get in your face?
Don't have lota' lot of time to waste
Do you wanna, wanna be my man?
'Cause I know what, I know what I want from youDo you wanna, wanna be my guy?
Baby, baby, please, don't be shy
I'm coming on strong 'cause I'm thinking you're the one
And I know what I want now from youDo I gotta, gotta get in your face?
Don't have lota' lot of time to waste

Do you wanna, wanna be my man?
'Cause I know what, I know what I want from youDo you wanna, wanna be my guy?
Baby, baby, please, don't be shy
I'm coming on strong 'cause I'm thinking you're the one
And I know what I want now from you
