

Heaven Come Down

[Michael W. Smith](#)

Oh, Heaven come down tonight
We wanna see Your glory shine
Burnin' like a flame, burnin' like a flame forever I am broken
Nothin' I can do
I'm callin' out to You
Bringin' You a heart that's open
Come and light a fire
Come and light a fire In this moments
Hear me cryin' out
I'm reachin' for You now
Bringin' You a heart that's open
And broken Oh, heaven come down tonight
We wanna see Your glory shine
Burnin' like a flame, burnin' like a flame forever
Break every stronghold
Shatter every wall so we can see
Heaven come down tonight Oh, we are broken
Here before You now
God we're cryin' out
Bringing You a heart that's open
Come and light a fire
Come and light a fire Like an ocean
Washin' over us
Strong and glorious
Your love has spoken (spoken)
And our hearts are open (open, open, open) Oh, heaven come down tonight
We wanna see Your glory shine
Burnin' like a flame, burnin' like a flame forever
Break every stronghold
Shatter every wall so we can see
Heaven come down tonight, tonight, tonight Hey! Oh, heaven come down tonight
We wanna see Your glory shine
Burnin' like a flame, burnin' like a flame forever
Break every stronghold
Shatter every wall so we can see
Heaven come down, Heaven come down tonight Break every stronghold
Shatter every wall so we can see
Heaven come down, Heaven come down tonight
