# Ignorance Of Bliss

## Daysend

Come down to earth he mentions
Full of his best intentions
It's now time for an occupation
Time to make some money with that
educationCome down to ground
Mortgage bound
So proudCan't you see these dreams will never
end themselves?
Set me free, I will find the beauty of
this worldCome down to earth he mentions
Full of their blind intention
It.s not time for a inoculation
Time to make some money with your
new foundation
