

# The Devil In Me (feat. Jan Blomqvist)

Oliver Koletzki

I've never doubted  
Seeing him around  
Because we share this in two  
We both frequent ? show  
But he`s got, he`s better  
Want me go  
We drive the same automobile  
Even marble idea  
We drive the same Fridays  
Replace me at the local bar.  
Star way to heaven on guitar[Chorus]  
I couldn't hide from the truth  
Of that insight I'd come to believe  
There lives a devil in me.  
I've met the devil in me  
I've met the devil in me  
That`s all it seems  
The devil in me  
I've met the devil in me  
It was waiting for me  
The devil in me.I've met the devil  
Don`t tell me  
Wait for me  
Deep inside my shadow.My re escape back to the ? (birth)  
Who`s the one that will appear?When I`m approaching he droves away  
When I am talking he`s away  
Got something at something so profound to say  
But I can`t confront my enemy.[Chorus]It`s kind like me  
Feels alone  
And crawl like me  
I`m starting to see[Repeat: x4]  
He gets what he wants  
But not what he needsI shouldn't die  
Oh Lord I shouldn't cry  
But the devil has somehow  
Came to frame me  
The devil is actually me.
