

# One Love (feat. Estelle) [Continuous Mix Version]

David Guetta

Can anybody help me? I'm outta plans  
Guess I left my world in somebody's hands  
I don't like to hurt but, but everyone gets weak  
Someone to rely on that's what I really need Now here we stay, it's all that we're worth  
I've been through the pain and been dragged through the dirt  
Whatever they tell you were bigger than words  
I've been where you're standing, I know how it hurts Let this be a song now and this be our day  
And we stand together, we'll be okay  
'Cause we're survivors, we're making it work  
Expecting the best when they hope for the worst One love, this is the way we found  
One love, even though they'll let you down  
One love, nobody's perfect now  
One love, don't let that hold you down One love, let's stick together now  
One love, we got to stand our ground  
One love, it's easy to believe in  
One love, believe in you and me, one love Now I could try and fix this all by myself  
But I know it'd turn out better if you help  
No one likes to hurt but, but everyone gets weak  
Someone to rely on that's what everybody needs Now here we stay, it's all that we're worth  
I've been through the pain and been dragged through the dirt  
Whatever they tell you were bigger than words  
I've been where you're standing, I know how it hurts Let this be a song now and this be our day  
And we stand together we'll be okay  
'Cause we're survivors, we're making it work  
Expecting the best when they hope for the worst One love, this is the way we found  
One love, even though they'll let you down  
One love, nobody's perfect now  
One love, don't let that hold you down One love, let's stick together now  
One love, we got to stand our ground  
One love, it's easy to believe in  
One love, believe in you and me One love, it's one love  
I'm here to tell you it's one love, oh  
One love, said it's one love, sing with me one love  
One love to be, oh, one love, that's all we need, one love
