

# Deathbeds

## Bring Me the Horizon

Eyes like a car crash  
I know I shouldn't look but I can't turn away.  
Body like a whiplash,  
Salt my wounds but I can't heal the way  
I feel about you. I watch you like a hawk  
I watch you like I'm gonna tear you limb from limb  
Will the hunger ever stop?  
Can we simply starve this sin? That little kiss you stole  
It held my heart and soul  
And like a deer in the headlights I meet my fate  
Don't try to fight the storm  
You'll tumble overboard  
Tides will bring me back to you And on my deathbed, all I'll see is you  
The life may leave my lungs  
But my heart will stay with you That little kiss you stole  
It held my heart and soul  
And like a ghost in the silence I disappear  
Don't try to fight the storm  
You'll tumble overboard  
Tides will bring me back to you The waves will pull us under  
Tides will bring me back to you  
The waves will pull us under  
Tides will bring me back to you  
The waves will pull us under  
Tides will bring me back to you  
Tides will bring me back to you That little kiss you stole  
It held my heart and soul  
And like a ghost in the silence I disappear  
Don't try to fight the storm  
You'll tumble overboard  
Tides will bring me back to you That little kiss you stole  
It held my heart and soul  
And like a deer in the headlights I meet my fate  
Don't try to fight the storm  
You'll tumble overboard  
Tides will bring me back to you
