

Feels So Good

Keith Sweat

Your love it feels so good inside
Take your time and do it right
Your love it feels so good inside
Slow it down, we got the night You're looking lovely, won't put nothing above this
You're what I want tonight
I'm feeling nasty, don't put nothing past me
Sexing you is what I like Yeah, if I could have you in my bed tonight
Oh girl, I'll treat you right Your love it feels so good inside
Take your time and do it right
Your love it feels so good inside
Slow it down, we got the night You look delicious, I can't tell you miss this
So what's your plans tonight
Come on an [Incomprehensible] me I know fun is easy
It feels so good inside If I could have you in my bed tonight
Oh girl, I'll stroke your right
I wanna go down on you
Do what ever you want me to Your love it feels so good inside
Take your time and do it right
Your love it feels so good inside
Slow it down, we got the night Your love it feels Your love it feels so good inside
Take your time and do it right
Your love it feels so good inside
Slow it down, we got the night Your love it feels so good inside
Take your time and do it right
Your love it feels so good inside
Slow it down, we got the night Your love it feels so good inside
