

Ooh Aah

Grits

My life be like oh ah, yeah, oh oh
My life be like oh ah, oh ah, yeah, oh oh
oh ah, yeah, oh oh
My life be like oh ah, oh ah, yeah, oh oh
My life be like

It's times like these that make me say
Lord if you see me please come my way
Leavin' bread crumbs for when I stray
Rely on sacrifice and the price you pay

Feel me like a fingertip
Sometimes I fall I slip
My heart felt desire be more like you
Trying not to quench your fire with the things I do

On an island by my lonesome stranded
Low key and stayin' candid, reflect on all the things I try my hand at
Search for the equations to persuasions I'm used to
Finding comfort in the zones of closet bones I get loose to

A mountainous fontaine, spinnin' and monsoonin'
Grinnin' it's high octane, explosive how I came
Rollin' down hills 'cause life's a hustle
Encircled by my folly like a moat surround a castle

Stay afloat catch a second wind, thin is the air I breathe
Tear eyed nose runnin', wipe the snot on my sleeve
I'm callin' on the savior, to be all that I need
Please forgive me, my behavior had me lost at light speed

It's times like these that make me say
Lord if you see me please come my way
Like leavin' bread crumbs for when I stray
Rely on sacrifice and the price you pay

Feel me like a fingertip
Sometimes I fall I slip
My heart felt desire be more like you

Trying not to quench your fire with the things I do

The fear of never falling in love
And the tears after losing the feelings of what you thought love was
Like the dirt still up under the rug
My life be like bad characteristics to cover in Christ's blood

The joy of new birth and the pain of growing up
The bliss between giving my all and giving up
The highs and lows, paths and roads I chose
In the cold I froze trying to ease my woes

In this world of sin, clothes to thin to fend
So to God I send words of help to win
In grumblings so deep, letters could never express
So the sound of, oh ah, beneath my breath projects

It's times like these that make me say
Lord if you see me please come my way
Like leavin' bread crumbs for when I stray
Rely on sacrifice and the price you pay

Feel me like a fingertip
Sometimes I fall I slip
My heart felt desire be more like you
Trying not to quench your fire with the things I do

My life be like, oh ah oh
Come young diti, here comes that boy from the capital city
Last up on the Grits new diti
But eight bars of the truth will do, eh

I believe there's a bride that's stunning
And, I believe in the kingdom coming
I believe if you seek the truth
You don't need to look far 'cause it's gonna find you

It's times like these that make me say
Lord if you see me please come my way
Like leavin' bread crumbs for when I stray
Rely on sacrifice and the price you pay

Feel me like a fingertip
Sometimes I fall I slip
My heart felt desire be more like you

Trying not to quench your fire with the things I do

It's times like these that make me say
Lord if you see me please come my way
Like leavin' bread crumbs for when I stray
Rely on sacrifice and the price you pay

Feel me like a fingertip
Sometimes I fall I slip
My heart felt desire be more like you
Trying not to quench your fire with the things I do

Fingertip, fingertip, fingertip, fingertip
My life be like
Fingertip, fingertip, fingertip, fingertip
My life be like

Fingertip, fingertip, fingertip, fingertip
My life be like
Fingertip, fingertip, fingertip, fingertip
My life be like
