

# Rebel Say a Prayer

## Bad English

In the midnight rain Johnny throws a glance  
Says, "Love me tender, love me true"  
And in the doorway there, she looks up at him  
And she says, "You know I do" But Johnny's on the run, 'cause he stole a gun  
He needs to disappear  
Johnny shot a man and now he's scared  
She whispers in his ear Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
There's glory waiting there  
Can feel it in the air  
Rebel say a prayer  
I'll meet you there Johnny pulls her close, says, "I've got to go  
'Cause they'll come for me tonight"  
And he turns to leave but she won't let go  
And they stand there in the light Baby where you go, that's where I will go  
Love never seemed so clear  
If it's the last thing in the world we do  
We've gotta get out of here Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
Where Cadillacs have wings  
A place where Elvis sings  
For you and me So baby take my hand  
We'll find the promised land  
Above the stars tonight  
There's Graceland waitin' there  
Believe it if you dare  
And rebel say a prayer And the cops are waiting down the street  
They both know that there's no way out  
Johnny pulls his gun  
And all hell breaks loose She cries, "I'll remember this"  
As they're cut down in the final kiss Rebel say a prayer  
That there's a place somewhere  
Where rock and roll goes on  
And we'll be free  
Where Cadillacs have wings

A place where Elvis sings  
For you and me So baby take my hand  
Well find the promised land  
Above the stars tonight  
Theres Graceland waitin there  
Believe it if you dare  
And rebel say a prayer Rebel say a prayer  
Above the stars tonight  
If you dare  
Rebel say a prayer  
And Ill meet you there  
Rebel say a prayer  
Ill meet you there, yeah
