Good Friend

Nine Days

I used to think that you were someone else

Then I'd lose my mind each day

I used to think that I could help myself

But it's true what they sayThere is no reason without a wayThis is goodbye to you and me What a good friend you've been to me

And I owe it all to you

Every good thing that I do is youI used to wish that I was someone else

Then I'd dream away the day

Those dreams have made me into someone new

And it's true what they sayThere is no better time than todayIf this is goodbye to you and me What a good friend you've been to me

And I owe it all to you

Every good thing that I do is youI am here, I need to say

That I will miss you everyday

And it's true what they sayThere is no better time than todayIf this is goodbye to you and me

What a good friend you've been to me

If this is goodbye to you and me

Well, what good friends we will always be

And I owe it all to youEvery good thing that I do is you

Every good thing that I do is you, it's you

Every good thing that I do is you, it's you

Every good thing that I do, well I owe it all to you

Every good thing that I do is
