Tether (The Gulf Gate Project Remix)

CHVRCHES

Where'd you go, you were there by my side
Keep believing it's my turn to hide
In a place where we don't have a prayer
There's a tether that's keeping me thereTrade our places
Take no chances
Bind me 'til my lips are silentStay where you are
Ever, after
Chasing things that we should run fromWill we ever get away from this place
It's an image that's burned on my chest
For a moment you need me to stay
Cold blooded and drifting awayTrade our places
Take no chances
Bind me 'til my lips are silentStay where you are
Ever, after
Chasing things that we should run fromI feel incapable of
Seeing the endI feel incapable of
Saying it's overI feel incapable of
Seeing the endI feel incapable of
Saying it's overI feel incapable of
Seeing the endI feel incapable of
Saying it's overI feel incapable of
Seeing the endI feel incapable of
Saying it's overI feel incapable of
Seeing the endI feel incapable of
Saying it's overI feel incapable of
Seeing the endI feel incapable of
Saying it's over
