

# Tears On My Pillow

[Aaron Neville](#)

(Verse)

You dont remember me, but I remember you.  
It was not so long ago, you broke my heart in two.(Chorus)

Tears on my pillow, pain in my heart,  
Caused by you, you.(Verse)

If we could start anew I wouldnt hesitate  
Id gladly take you back and temper hand of fate.(Chorus)

Tears on my pillow, pain in my heart,  
Caused by you, you.(Bridge)

Longest, I will catch you,  
And longest night of talk.

When you found the one you love  
She filled your heart with joy.(Verse)

Oh, we could start anew  
I wouldnt hesitate.

I could gladly take you back  
And temper hand of fate.(Chorus)

Tears on my pillow, pain in my heart,  
Caused by you, you.(Outro)

You dont remember me,  
I remember you  
Like it was just yesterday,  
I remember you

Cause you played me for a fool.
