

# Baby Baby Baby (Baby)

## Steve Earle & The Dukes

I got girl who live way down south  
A little town they call 'shut my mouth'  
A thousand miles don't mean a doggone thing  
Call her on the phone and it rangle langle lang, and she said Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby, baby, woo  
Baby, baby, baby, baby, baby My little gal she stands five foot ain't  
I want to hold her but I know I can't  
I only see her when the moon is blue  
Call her on the phone, tell her what I wanna do, and she said Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby, baby, woo  
Baby, baby, baby, baby, baby Baby, baby, baby, baby you'll find  
You got me hanging on the telephone line  
Walkin' on the ceiling  
And bouncing off the walls  
Feel it baby, baby,  
Can't you hear my wail, my call? Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby, baby, woo  
Baby, baby, baby, baby, baby Baby, baby, baby, baby  
Baby, baby, baby, baby  
Baby, baby, baby, baby, woo  
Baby, baby, baby, baby, baby
