

Light Light Sleep

Gossip

I've got trouble

Down deep

I've got trouble

Down deep

We've got trouble

You're losing sleep

We've got trouble

Down deep

If you don't do nothing else

Than take care of your self

If you don't do nothing else

Cause we don't break easy

Yeah all this trouble

Yeah deep

Yeah this trouble

Down deep

I've got trouble

Yeah I'm losing sleep

Yeah this trouble

Down deep

If you don't do nothing else

Than take care of your self

If you don't do nothing else

Cause we don't break easy

He's gotta be

He's gotta be

He's gotta know

He's gotta be

He's gotta know

Gotta know

He's gotta be

Gotta be

He's gotta know

He's gotta know

Gotta know

Ohh gotta know

Gotta know

Gotta be

Gotta know

Gotta be
