

C'mon, C'mon!

HOLDING BACK ENTIRELY

cmon, cmon,
whats your wildest dream?cmon, cmon,
make it real, make it real,cmon, cmon,
be a young man once again now,cmon, cmon,
what you worry about?cmon, cmon,
would you let it all out?,cmon, cmon,
dont just stand here once again now,send the messenger down,
i want to hold her hand
and burn this whole place to the ground,
send the messenger down,
its never too late
but its a white walled city now,s.e.x. spells sex cherie,
we practice, practice,
make some l.o.v.e.,cmon, cmon,
dont just lie here once again now,cmon, cmon,
what you worry about,cmon, cmon,
would you let it all out,cmon, cmon,
dont just stand here once again now,send the messenger down,
i want to hold her hand
and burn this whole place to the ground,
send the messenger down,
its never too late
but its a white walled city now
