

# Used to Love U

## John Legend

La la la la  
Ala la la Maybe, it's me, maybe I bore you  
No no, it's my fault 'coz I can't afford you  
Maybe baby, Puffy, Jay Z  
Would all be better for you 'coz all I could do is love you Baby, when I used to love U  
There's nothing that I wouldn't do  
I went through the fire for you  
Do anything you asked me to But I'm tired of livin' this lie  
It's getting harder to justify  
I realized that I just don't love you  
Not like I used to La la la la  
Yeah  
Ala la la  
Yeah, yeah Maybe, I should rob somebody  
So we could live like Whitney and Bobby  
It's probably my fault, my bad, my loss  
But you are above cost, all I could do was love you Baby, when I used to love U  
There's nothing that I wouldn't do  
I went through the fire for you  
Do anything you asked me to But I'm tired of livin' this lie  
It's getting harder to justify  
I realized that I just don't love you  
Not like I used to La la la la  
Yeah  
Ala la la  
Yeah, yeah Do you remember when I used to love U?  
Baby, no not any more, I don't love you  
Ooh, I used to love you  
And you're gonna miss me now Baby, when I used to love U  
There's nothing that I wouldn't do  
I went through the fire for you  
And I'm not gonna play the fool No, I can't live this life and I can't justify  
And I can't make up my life  
'Coz I don't love you  
Not like I used to do La la la la  
Not like I used to  
Ala la la  
Not like I used to Oh, I used to love U  
Oh, but I don't love you

Oh, I used to love U  
Oh, but I don't love you  
Oh, I used to love U  
Oh, but I don't love you  
Oh, but I don't love you  
I bet you miss me now  
Oh, but I don't love you
